Dear Bishop:

In speaking of his house last Friday, Mr Valentine said he would have to build it of wood in order to keep within his appropriation. It just occurs to me that it would be well for him to select the lumber himself if, a dealer will permit it. Perhaps you know some dealer who will permit it, in which case you will introduce him to the dealer. I would suggest the possibility of Tomas Armstrong, on Villa St, near St Mary the Virgin's mission, who is a member of our church, and agreeably disposed.

I have written to Dr. Gray asking him to send the money for the house. Have told Mr Valentine that it will be advisable to send to Dr. Gray, by this mail if possible, a sketch of the house he expects to build so it may be passed on at the meeting of the department of missions next week.

It was a pleasure to see you last week and to know that you are so happy with the Valentines. I consider his volunteering a perfect Godsend. Hope all goes well at the farm. Regards to every one, and

hoping that you will be able to be with us at
St. Hilda's next Sunday, believe me ever,

Sincerely & affectionately yours,
Chas. B. Colver.

Hope the well is going nicely.
