Oct 24th 1923.

My dear Bishop:

Have just returned from a week's tour during which I have visited all my children. I trust you will rejoice with me that they all seem well and happy.

Saw Dr. Gray for just a moment today and he told me he has written you fully as to the information and documents required by the Council's lawyers. I leave tomorrow for Rhode Island and will be back for part of the day on Monday, the 29th. If there is anything I can do, or you wish to consult with me, could you

meet me at the Missions House
on Monday say at 2:30 P.M.?

Have a very nice letter from
Bishop Hall. He is going to Dallas
to the meeting and will make
a full report for the committee
of five.

Hope you and Mrs Ferrando
are comfortable and have been
able to get a good rest after
the strenuous work of packing

am enclosing the ticket to
Boonton which you may have
use for. I am most deeply grate-
ful to you.

With all best wishes to both of
you and to Edith, I am,
Very sincerely and affectionately,
Chas. S. Colman.
