My dear Bishop:

I hope you had a good trip and that you
found everything satisfactory with your
+ friends. We had a pleasant visit in St Croix
returned on the 20th according to our schedule.

You have probably heard that all work has
been stopped in Ponce on account of Mr. Hite's
illness. They say he cannot recover. We can do
nothing until we can secure a release and
find another contractor.

I have heard nothing from Alejo and no
word from you about it, am not going to
worry over it, but would like to know where the
matter stands. Hope to see him on my next
+ have a talk with him. He is doing some work
at St Mary the Virgin's for Fr. Locke.

Hope Mrs Ferrando is feeling better and that
the northern doctors will not find anything really
wrong. My family will go to Tennessee in
July, either before or after the Princeton conference.
With best wishes + warm regards, and hoping our
+ you well I am always affectionately,
Chas. K. ...

P.S. Received your check for \$166.66 + turned it over to
Mr. Clark the treasurer.

Dear Bishop:

Has Miss Lovett informed you that the Sanitary Department has ordered proper cess pools dug for the sewerage from the main building at Quebrada Limon, and proper latrines for each native cottage on the place?

Will you please let me know what arrangements there are for the disposition of the sewerage of the house. am going out at my first opportunity, and will investigate. I will probably need your order to Don Antonio or to all the people for the construction of a palm thatched latrine for each house on the place. Will you let me hear from you about it please?

Regards to all, Very sincerely,
- Chas. B. Colman.
